“ I wish my children got to know you. All we know is your name and how much u look like your sister Jalissa. My kids know they had a sister and 2 brothers name John and Brian. Explain to my children all these years that one day they would meant you and now all they have is your picture not even your voice they heard. Rest in peace love your sister Jasmine Carmona , Jalissa Carmona, and brother Jayden Carmona we will meant one day in Heaven..

I even got to share working with you, oh the fun we had. I have alot of great memories with you. Especially that blue cookie monster shirt..lol...my heart hurts as I write this you will truly be missed by me and the rest of our family. I love you baby girl fly high..

“ I remember the day you we're born. I watched you grow up into a beautiful young woman. You were such a wonderful mother! Always thinking of your boys first. Their time with you may have been short, but you made sure they had plenty of memories to cherish you forever. Life didn't allow us time to grow old together, but I have so many memories and my favorite is that no matter what life threw at you, you we're always smiling! I Love You Baby Girl, Forever in my Heart.
