“ My condolences to Rose's family .I was saddened to read in the paper about Rose's passing. I retired from Wegmans catering dept and Rose was one of my favorite customers. “ Rosie was a special lady and friend to the co-workers at The Miller Agency. She gave us our first cat after we lost our dog. I always enjoyed playing golf with her during the golf league when I lived in Syracuse. A very special lady for sure. Love,

“ To Joan, your family and Rose's family and friends: I am so so sad. I've only been acquainted with Rose for a little under two years but what an impression she made on me. "Mighty" is the word that comes to mind: mighty in her opinions, mighty in her faith, mighty in her determination to face life's obstacles, mighty in her generosity, her love and loyalty, mighty in her laughter. The very last conversation we had ended in her miming her favorite scene from Golden girls for me. We just laughed and laughed....I will miss her "mightily".

“ Rosie has been a fixture in my life since I was born. I loved her ready smile, her funny jokes, her warmness. When you spoke to Rosie, it was as if no one else was in the room, and you had her full attention. She was so affirming of everyone around her, encouraging them, supporting them. I would always come away from a conversation with Rosie feeling better, stronger, assured that I was doing the right things. I will miss her greatly.

“ I had the pleasure of meeting Rosie for the first time in 2014 when my son became part of her family. Her warmth, humor and beautiful spirit touched me deeply right away. She always had something insightful, self-reflective and positive to say. Always interesting and witty in her observations, Rose could not have been more of a delight to talk to. Her beautiful smile always lit the room up. I will so miss her bright light and sweetness and I surround her and the family with much love and healing prayers at this difficult time.
